This card is not a will. It tells your family where the will is and whom you asked to deal with it.

FOR THE PEOPLE NAMED ON THE FRONT

What your executors will need

1. **The original will**
   The probate registry needs the signed original, not a copy. The front of this card says who holds it.

2. **A list of what there is**
   Accounts, pensions, property, policies, debts, and where each paper lives. One page, kept with this card, saves months.

3. **Who to call first**
   The solicitor named on the front, then the family. A pension scheme and a joint owner each have their own forms; the will does not reach them.

Islamic will or not, every executor in England and Wales needs the same three things.
